Version	Author	Changes
1.0	Martin Studer	Created

Table of contents

1	Introduction	4
2	Installation	5
2.1	Create the Plugin Directory	5
2.2	Get the Plugin from GitHub	5

1 Introduction

The UserTakeOver-Plugin gives you the possibility to take over the view of another ILIAS User.

2 Installation

2.1 Create the Plugin Directory

[ILIAS-WWW]/Customizing/global/plugins/Services/UIComponent/UserInterfaceHook

2.2 Get the Plugin from GitHub

The project can be found on github: <https://github.com/studer-raimann/UserTakeOver>

git clone <https://github.com/studer-raimann/UserTakeOver.git> UserTakeOver

```
martin@achilleus:/var/www/local/iliadev/iliadev_43/Customizing/global/plugins/Services/UIComponent/UserInterfaceHook/UserTakeOver$ ls -al
